EDUCATION

B.Tech in Computer Science | Techno India University, Kolkata CGPA: 9.02 | (2020-2024)
XII (CBSE) | Delhi Public School, Dhanbad 88.83% | 2020

EXPERIENCE

WEB DEVELOPMENT INTERN | Oasis Infobyte | ([Github Link](#)) (Feb '23-March '23)

- Designed **Landing Page (Foodie)**, **Portfolio** as well as a working **Temperature Converter** using **HTML**, **CSS**, **Bootstrap** and **JavaScript**. Additionally, I used my creativity to ensure that each website was visually impressive and engaging for users.

MEMBER | Google Developer Student Club (2021-Present)

- Actively participating in events organized by facilitators of the club and participated in a lot of workshops on Web Development and competitive programming.

ACHIEVEMENTS AND AWARDS

- Achieved **5 star Gold Badge** for **C++** at **HackerRank**. ([Link](#))
- Accomplished **Champion badge** at Coding Ninjas with **EXP 3450**.
- Institute Rank 58** in **GeeksforGeeks**, solved **100+ problems** with an overall coding score of **228** among **1,246** registered participants.
- Secured **AIR 1192** in **Women's Championship** by showcasing my programming skills. ([Link](#))
- Scored **80%** in **CSS skill test** conducted by TechGiG. ([Link](#))
- StudySection** certified in **SQL** with a **Global Rank 2376**. ([Link](#))

CODING PROFILES

[Coding Ninjas](#) [GeeksforGeeks](#) [Hackerrank](#) [Leetcode](#) [Codechef](#)

SKILLS/TECHNOLOGIES

Developer Skills: C, C++, Java, Python, HTML, CSS, Javascript, Bootstrap

Fundamentals: Problem-solving, DBMS, Operating System, OOP

Tools/Platforms: Git/Github, Vs code, codepen, intellij idea

PROJECTS

PORTFOLIO | [Github Link](#)

(Techstack Used: **HTML**, **CSS**, **Bootstrap** and **Javascript**)

- User can **download the resume** by clicking on resume button in the Home Page. To show up the skills on **click event Listener** has been used. Used **on scroll animation effect** and a **contact form** from where the user can hire easily by either sending message or through links.

STONE PAPER SCISSORS GAME | [Github Link](#)

(Techstack Used: **HTML**, **CSS**, **Bootstrap** and **Javascript**)

- Incorporated **audio effects** to enhance the user experience and make the game more engaging. Utilized **images** to provide visual representations of the different game options.
